PROFILE

Creative Graphic Designer and UI Developer with 1.5+ years of experience. I strive to do my best with everything I do to achieve the desired outcome. Looking for opportunities to learn and gain more exposure in this field.

EXPERIENCE

Muniversiti EdCorp

Graphic Designing Intern (Nov 2021 - Feb 2020)

- The first month was a training period where I grasp so many different concepts using Figma & Adobe illustrator. After that, I started working on social media creatives.
- Gradually, I was asked to make brochures, collaboration post designs and a lot of stuff. I have designed 7 to 8 brochures during my internship.
- During the last month, I studied more about UX/UI Designing

Medi-Caps University ACM Student Chapter

Assistant Graphics Head (Oct 2021 - Present)

- Being a Newbie in college, I got a thick opportunity to showcase my skills. I was interviewed for Graphic Designing Executive Member. I got selected and was working their since March 2021
- I was promoted to Assistant Graphics Head in October 2021 after learning and creating more designs. I've worked with a team that's always eager to learn and do new things.
- I was responsible for the ideation and execution of social media posts, and I managed a team of up to three people
